*"We spend most of our lives doing the same things as everyone else in the world. We all sleep, eat, and look after our homes. Most people work or study, watch TV or see friends. We all need to rest. In my experience, the lives of most Christians look fairly similar to everyone else's. Superficially, at least.*

*What difference does being a Christian disciple make to the ordinary person, and how might we start?"*

Come along to hear Guy and Fr Sam discuss the books  
& ask your questions over some free refreshments.

**All are welcome!**

**More talks to follow in June & July**
